WHOAMI

- ★ I am María Morales, Front-End Developer from Canary Islands, Spain.
- ★ I am currently working remotely at Verbio Technologies S.L. as Front-End Engineer.
- ★ I am a Higher Technician in Development of Web Applications, but I am also Graduated in Spanish Philology, specialized in Contemporary Literature, and focused on Ramón Gómez de la Serna.
- ★ I use daily `.tsx`, `.ts`, `.json`, `.css`, `.scss`, `.svg` and `.njk`.
- ★ I would like to know more about Web Design, Clean Code, Digital Gardens, and Computational Linguistics.
- ★ Ping me about React, CSS, JavaScript, and RAMÓN.
- ★ I share interesting stuff about Front-End Development on my Telegram channel *Front Stuff* (check it out via https://t.me/stuff_front).
- ★ I love Nintendo, the 80's, and tropical house music. I had to say it!
- ★ Fun fact: I have two pets: Null (cat) and Mocha (chihuahua).
- ★ Unexpected fact: I have a small Nokia collection. My top 1 is the model Nokia 7600.
- ★ *maremarismaria* and The Last Curiosity: my username *maremarismaria* comes from the Latin noun *mare*, *maris* (neuter gender), which means 'Sea'. In a literal manner, *mare maris maria* means 'the Sea, from the Sea, the Seas'. Poetic, isn't it?

CONNECT WITH ME
